How my committee process works: How my committee process works: I put together a committee to take photos at convention. I then have a committee that chooses photos which are then submitted to the webmaster for upload. In addition, I also work with the publications committee to be sure they have the photos they need. I also work with the registration chair to post pictures of the newly registered hybrids.

I am taking the responsibility and cost of the society Dropbox account into my committee as it is used for sharing of photos and videos.

The job description/committee process is up to date: yes

Current Suppliers and Contact Information:
