

Seed Fund – Species

Carolyn Ripps, Seed Fund Co-Chairperson ~ Hartsdale, NY, USA ~

The plants and I are all doing well...”

THE BEGINNING OF A NEW YEAR IS A GOOD TIME to make some New Year's resolutions. I think I might improve my growing conditions with new combinations of LED tubes to promote better growth and flowering for seed production. I am also going to experiment with some of the new soil mixes utilizing pine bark fibers for improved aeration and drainage.

Attending a Gesneriad Society Convention once again was the highlight of the past summer. As usual, there were interesting trips, entertaining and instructive presentations, and a fabulous plant sale. Seeing how donors had packaged their plant offerings gave me some good ideas about protecting plants when traveling to our chapter meetings or plant sales. I returned home with many new species and hybrids, but also a bad case of COVID. The plants and I are all doing well now, but it was a good reminder to consider health issues when traveling.

Species seed donations are still far below what we need to maintain the stock of fresh seed our members want. Seeds are listed in the next available issue of the journal, but because the amount of seed we actually receive is often small, many species are sold out even before you receive your next issue of *Gesneriads*. Please list alternate choices, so you won't be disappointed.

We urge you to submit seed orders by emailing us at the above address. We will calculate the cost and send you a PayPal request for payment including the postage. Even if you don't have a PayPal account, you can still pay by credit card or bank account through PayPal.

Recent donations from the following are gratefully acknowledged: Clay Anderson, Susan Bradford, Karyn Cichocki, Deb Donaldson, Joel Egan, Leong Tuck Lock, Julie Mavity-Hudson, Chas Huston, Hung Nguyen, Irina Nicholson, Michael Riley, Carolyn Ripps, Alfred Romano, Daniel Steele, and Elaine Stutt.

Seed Fund – Species

Achimenes (D)

- admirabilis*
- cettoana*
- *erecta* 'Tiny Red' (F,L)
- fimbriata*
- grandiflora* 'Robert Dressler' (OP)
- mexicana*

Aeschynanthus (B)

- angustifolius*
- batakiorum*
- buxifolius*
- garrettii*
- *gracilis*

longicaulis

- micranthus*
- radicans* (*lobbianus* 'Radicans')
- tengchungensis*
- tricolor* 'Rapunzel'

SEED PACKETS — \$3 each

- Please**
- To pay by credit card, send your credit card number, expiration date, and signature, and indicate if the card is MasterCard or Visa (\$6 minimum)
 - Include your membership number (first number on your mailing label)
 - Provide a self-addressed plain letter size envelope with one First Class stamp (non-US orders will have the postage and handling added to the cost of the seeds)
 - If you elect to pay by PayPal, we will send you an email request for payment after we see what is in stock
 - You can also email your order information to the Seed Fund chairs and the postage will be added to the cost of the seed
 - Make checks payable to *The Gesneriad Society* in US funds
 - List alternate choices
- Note**
- There is a limit of one seed packet of a single variety per order
 - There is a limit of 25 seed packets per order
 - There is a household limit of 50 seed packets per calendar year

Sphaerorrhiza

- *rosulata* (was sp. "Raizama")
- *serrata* (was *burchellii* 'Rio Belchior')

Streptocarpus subg. **Streptocarpus**

Seed Fund Key

- | | |
|--|--|
| (A) Alpine or cool greenhouse | (LM) Low to medium height |
| (AN) Annual, dies after flowering | (M) Medium height; 1 to 2 feet |
| (B) Suitable for hanging basket | (MT) Medium to tall |
| (D) Has dormant period, forming tubers or rhizomes | (OP) Open pollinated |
| (F) Blooms readily in fluorescent light | (P) Petite or miniature; under 6" |
| (G) Recommended for greenhouses; requires space | (R) Rosette in form |
| (H) Requires humidity and warmth | (S) Requires sun to bloom |
| (L) Low growing; not more than 12" | (T) Tall plants; generally over 3 feet |
| | (U) Unifoliate or single leaf |
| | (V) Leaves may be variegated |
