

Seed Fund – Species

I have some big shoes to fill.”

HELLO FELLOW GESNERIAD ENTHUSIASTS. MY name is Ray Coyle and I will be handling Species Seed Fund sales. I would like to thank Carolyn Ripps for her thirteen years of service in this capacity before me. I have some big shoes to fill. I've been growing gesneriads for close to forty years and am a member of the Long Island Gesneriad Society and African Violet and Gesneriad Society of New Jersey. Growing from seed is fascinating, and an easy way to increase one's collection. The Society's Seed Fund is a wonderful resource. Together all our members can make it even better by donating seed. If you have plants in bloom, try pollinating them, then collecting the seed. Let's aim to make more genera and species available to the membership.

Recent donations from the following are gratefully acknowledged: Andy Anderson, Kelly Ates, Karyn Cichocki, John L. Clark, Ray Coyle, Donald Delano, Rick Dunn, Joel Egan,

Dennis Kramb, Julie Mavity-Hudson, Hung Nguyen, Mauro Peixoto, Carolyn Ripps, Peter Shalit, Daniel Steele, Bob and Dee Stewart, Austin Tracy, Leong Tuck Lock, Theerasak Uttarapong, and Marian Yeager.
